SIZE GUIDELINES — Weight of Baby

Preemie — 5 - 6 lb.

Newborn — 7 - 12 lb.

Infant — 8 - 18 lb.

"Heirloom Baby Bibs" contains four bib pattern shapes — oval, square, round, and rectangular. Christening bib variation is included. While specific variations have been designated for each shape in this pattern, designs and shapes may be used interchangeably. A variety of embellishment techniques may be used interchangeably also, making it possible to create dozens of bib variations. A basic lined construction technique has been used in all four bibs. However, the pattern shapes may be adapted to your favorite heirloom sewing techniques. Ribbon ties have been used at the neckline, making it easier for the bibs to fit a wide range of baby weights. Babies do not really have a neck and some are chunkier than others. The ribbon ties will accommodate all of them. These patterns and designs are easy and fun and are suitable for many occasions, including fast and easy baby gifts.
