

Baby Bibs

Make mealtime fun and cleanup simple with these easy-to-make bibs accented with fabric texturized using Superior Threads' Texture Magic™.

The Itty Bitty Bibs (about 7" x 7") can be made in two versions: a cute ladybug bib with texturized wings or a simple bib with a texturized inserted strip.

The Toddler Bibs (about 9" wide x 11" long when worn) feature quilted fabric and an extended shoulder piece. Texturized animals (a lamb or chick) are easily appliquéd in place using fusible thread. (Instructions included for this technique.)
