

# Grow-N-Up OAD66

## Growth Chart

Is your toddler knee-high, three feet goin' on six? Find out with these to-die-for growth charts! Brighten any kid's room with these super cute giraffe growth charts that are fat quarter friendly. The "easy curve" constructed giraffe can be attached to the background using bias binding or machine embroidery and are designed for either 4 or 5 fabrics. Create a complex-looking but easy to make heirloom while permanently capturing the growth of your little ones with this fun and unique olive ann design.

**Fabric requirements:** you will need 4 or 5 giraffe fabrics, background fabric, backing fabric, numbers fabric & bias trim fabric.

View A - five fabric giraffe

View B - four fabric giraffe

**Giraffe fabrics:**

5 fat quarters OR

5 fabrics from the bolt

Fabrics 1 & 4: 3/8 yd each

Fabrics 2, 3 & 5: 1/2 yd each

**Giraffe fabrics:**

4 fat quarters OR

4 fabrics from the bolt

Fabrics 1, 2 & 4: 1/2 yd each

Fabric 3: 3/8 yd each

**All Views:**

**Numbers fabric:** 1/3 yd accent fabric

**Background fabric:** 2 yds of 36" to 45" wide fabric

**Backing fabric:** 5/8 yd (will not show in finished project)

Giraffe can be attached to the background with machine embroidery OR with bias binding

If using embroidery you will need the following:

**Bias Trim fabric:** 1/3 yd coordinating fabric OR

1 pkg. purchased coordinating single fold bias tape

If using bias binding you will need the following:

**Bias Trim fabric:** 1/2 yd to 1 yd coordinating fabric (more yds. means fewer seams in the binding) OR

2 pkg. purchased coordinating single fold bias tape

**Required supplies:**

All views: threads that match the bias trim, background and numbers; 2 yds heavy, fusible interfacing, one  $\frac{3}{4}$ " and one  $\frac{3}{8}$ " buttons for the eye (one will be sewn on top of the other) Optional: spray adhesive

Suggested fabrics: cottons including flannels
