## Dress, Top, Skirt and Doll Dress

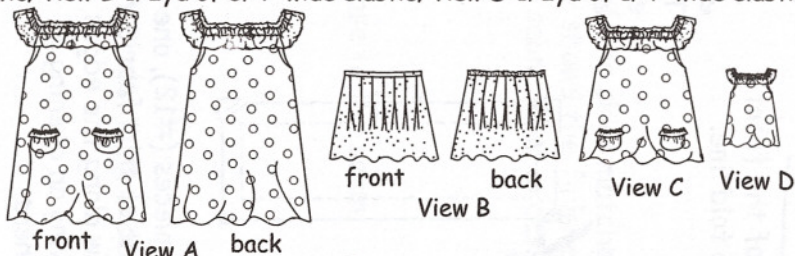

Pattycake, pattycake, make me a dress... and a top... and a skirt... and a doll dress! This pattern offers options to create a set of coordinating looks that feature sophisticated ruffles that really are a breeze to make. The ruffled stretchy neckline and shoulders makes for an easy pull on style. The very simple above-the-knee skirt has short pleats for a smooth yet full look with elastic in the back waistband for an easy fit. Matching doll dress fits most 18" dolls including the olive ann designs' Best Buds doll. Includes full size pattern for sizes 1 thru 8 with detailed instructions.
