## Michaela...

Baby will look elegant in this timeless classic! Inspired by the smocked rompers that were popular in the 1940's, Michaela features a smocked front panel, peter pan collar, and optional embroidery. Both the collar and front panel are bordered by contrasting mini piping.

For added versatility, the pattern includes both a girl's puffed sleeve with a piping trimmed bias band, and a boy's straight sleeve accented with hand embroidery. A simple smocking design is also included.

A snap crotch and elastic at the legs makes it comfortable for baby and convenient for Mommy!
