

Trisha's Treasures

By Trisha Smith

The "Maddie & Mollie" pattern, aka, "Fringed Hem Skirt with Zipper", can become the "anything your heart desires" skirt. Several pieces make up the skirt front, opening up the opportunity for creativity. The skirt has a zipper in the back and is made to tailor fit your child with the elastic casing at the side seams. The garment can be made from one fabric, or to give it even more pizzazz, use two or three coordinating prints.

Flat felled seams are used on the front for strength and appeal. The skirt has a fun fringed hemline but, if desired, you can hem it with a traditional 1" blind hem.

The precious sister models are Maddie and Mollie. They are the daughters of my sweet friend, Stephanie Manis. She blesses me tremendously by making my garments for her girls to wear. I appreciate you so much Steph.

Maddie & Mollie are best of friends, and "They always have each others back!". Thank you girls for doing a photo shoot on a "hot" summer day. You are the best!!!
