EXPERT

Maggie, a smocked apron style dress, blends classic charm with timeless elegance. Featuring a dropped shoulder, the back shoulder of the dress uniquely extends to the front creating an undeniably vintage look. The A-line silhouette ensures a graceful drape. Maggie buttons in the front and is trimmed at the collar and placket with gathered edging or piping. Smocking is showcased in two sections on the front and one section on the back. The included smocking design, Elizabeth Travis, is named in honor of the original designer of Maggie.
