♥ Sweet Little Kisses ♥

Cute, pert and easy to wear this little girl's mini dress is suitable for good quality interlock knits as well as good quality cotton or other easy care fabrics. It features very simple styling with bias bound scoop neckline and little cap sleeves. Dress front is gathered into the neckline and the sleeves are slightly gathered at the cap. With an easy back opening, underarm pleats add a bit of fullness to the skirt. Optional pocket included. Dress can also be made sleeveless with armhole binding. Team it up with leggings, tights or shorts if you like. Or treat it like a jumper and add a long sleeved onesie. See the Designer's Tips on the large pattern sheet for more ideas for making this little dress 'your own'.
